

# CASINO EVENT GUIDE

## Welcome to Sifi Casino!

Thank you for choosing Sifi Casino for your next event! Our goal is to provide an unforgettable casino experience that is both entertaining and professionally managed.

## About Us

Sifi Casino has been providing exceptional casino party services for over 6 years. We are dedicated to delivering top-quality casino entertainment, supported by a team of experienced dealers and event planners to ensure your event runs smoothly.

## How a Casino Event Works

A Casino Event engages your guests in a fun and interactive setting. Here's how it works:

- **Arrival and Setup:** We will deliver and set up all necessary casino equipment at your venue. Our dealers will arrive 30 minutes before the event starts.
- **Funny Money Distribution:** At the start of the event, each guest receives funny money. This money can be exchanged for casino chips (in increments of \$5, \$10, \$25, and \$100).
- **Gaming:** Guests use their chips to play games like Blackjack, Poker, Roulette, and Craps. Each table buy-in is \$5. Chips can be exchanged for raffle tickets during the event.
- **Raffle and Prizes:** If you plan to hold a raffle, gaming should stop 15 minutes before the event ends. Dealers will exchange chips for raffle tickets. You will need to provide a raffle drum or container for the drawing.

## Table Information

	Craps	Poker	Blackjack	Roulette
Dimensions	5x7	4x7	4x6	4x7
Players	8	9	7	7

Enhance the excitement with some great prizes! Common options include:

Gift cards ▪ Electronics ▪ Event tickets ▪ Gift baskets

## Number of Prizes

For most events, we suggest three prizes. For larger crowds, consider increasing the number of prizes to ensure more guests have a chance to win.

## Client Responsibilities

Please make sure the following items are arranged:

- **Facility Setup:** Ensure early access for setup, proper lighting, and coverage from weather.
- **Smoke-Free Environment:** Ensure the venue is smoke-free to maintain a clean and enjoyable experience for all guests.
- **Loading Dock:** Confirm availability and hours if needed.
- **Space:** Provide adequate space for each game table (minimum of 100 sq/ft per table, 200 sq/ft for Craps tables).
- **Prizes:** Have all prizes ready and provide a raffle drum or container for the drawing.
- **Chairs:** Provide ten chairs for the Poker Table.
- **Parking:** Ensure parking is validated or covered on the invoice.

## Sifi Casino Responsibilities

- **Delivery and Setup:** We will handle the delivery and setup of all casino equipment, delivering tables approximately 1-2 hours before the start time.
- **Dealers:** Our professional dealers will arrive early to ensure everything is ready for your guests.
